

CODE: **RAP-RJ45** v1.0/I  
NAME: **RAP-RJ45 Frame, Keystone (RJ45) Patch Panel, 24 ports**

**INTENDED USE**

Patch panel frame is designed for mounting up to 24 Keystone RJ45 modules Cat 5e or Cat 6 UTP (unshielded twisted pair) in RACK 19" cabinets.

This element, equipped with Keystone (RJ 45) connectors, is the final element of the structured network cabling (twisted pair).

These modules in addition to IT solutions are also used in systems referred to in the Regulation of the Minister of Transport, Construction and Maritime Economy of 22.11.2012 paragraph 192f item 1 pp2 on the preparation of wiring in multifamily buildings (AIZ -collective antenna systems).

In addition to fiber optic cables, twisted pair cables and coaxial cables are also used as patch cables.

All of these modules are commonly referred to as Patch Panels.

In order to organize the cables, the patch panel modules are numbered.

**Caution!**  
The supplied Patch panel frame is not fitted with Keystone connectors.

**SPECIFICATIONS**

Dimensions:	1U, 19"
Net/gross weight:	0,23 / 0,25 [kg]
Finish:	steel plate 1,0mm, color black (RAL 9005)
Module space:	24 connectors Keystone RJ45 (UTP cat.5, cat.6)
Keystone connectors' mounting:	latch
Application:	Indoor
Notes:	<ul style="list-style-type: none"><li>- Two-point butt mounting to RACK profiles</li><li>- The set includes 2 M6 screws + cage nuts</li><li>- The frame is not fitted with cable management system</li><li>- The frame is not fitted with keystone (RJ45) connectors</li></ul>

**Mounting:**

Keystone RJ45  
connector
