

Ground Mounting Cage

FEATURES

- 3.5 m total height CCTV mounting pole
- Hot-dip galvanized steel construction, white finish
- Includes: base pole, installation pole, extension pole, bullet bracket, PTZ bracket, lightning rod
- 75 mm pole diameter, robust 2 mm base / 1.5 mm extension wall thickness
- IP65 outdoor rated
- 10-15 kg max load capacity
- Dual installation: bolt base plate to existing pavement or embed cage in concrete foundation
- Ground mounting cage included for embedded concrete installation
- Shipped unassembled for easy transport

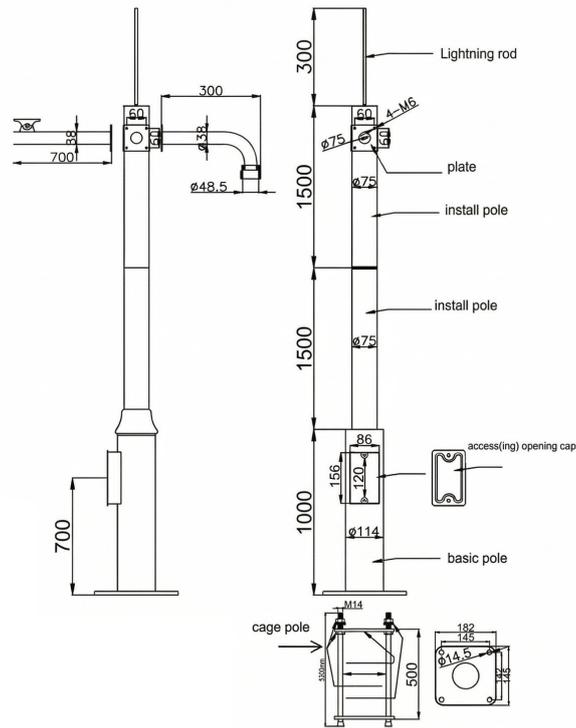

TECHNICAL SPECIFICATIONS

| Structure | |
|-----------------------------|---|
| Material | Hot-dip galvanized steel |
| Color | White |
| Installation Type | Ground pole — surface bolt (anchor bolts to pavement) or embedded (cage in concrete foundation) |
| Total Height | 3,500 mm (3.5 m) |
| Base Pole | 1,000 (H) x 114 (Ø) mm — 2 mm wall thickness |
| Installation Pole | 1,250 (H) x 75 (Ø) mm — 1.5 mm wall thickness |
| Extension Pole | 1,250 (H) x 75 (Ø) mm — 1.5 mm wall thickness, includes bracket mount |
| PTZ Bracket | 300 (L) x 48.5 (Ø) mm — gooseneck for dome/PTZ cameras |
| Bullet Bracket | 300 (H) mm — 38 x 38 mm square profile |
| Lightning Rod | 300 (L) x 8 (Ø) mm |
| Ground Mounting Cage | 400 (H) x 182 (W) x 182 (D) mm — galvanized steel, M14 anchor bolts |
| Max Load Capacity | 10-15 kg |
| Net Weight | 18.9 kg |

| Environment | |
|-----------------------|-----------------------|
| Protection | IP65 |
| Installation | Outdoor |
| Anti-Corrosion | Hot-dip galvanization |
